

REMARKS

The Examiner states that a Notice to Comply With Requirements for Patent Applications Containing Nucleotide And/Or Amino Acid Sequence Disclosures was attached to the Office Communication dated January 30, 2007. It is respectfully submitted that the undersigned has searched incoming Patent Office correspondence and cannot find that the aforementioned Notice accompanied either the Office Communication dated January 30, 2007, or the Office Communication dated October 4, 2006. To avoid further delay in prosecution, Applicants submit herewith a computer readable form (CRF) copy of the "Sequence Listing", a paper copy of the "Sequence Listing" and a statement that the paper copy and the CRF copy are the same and contain no new matter. Please enter these documents into the application.

Applicants believe that the present application is now in condition for allowance. Favorable reconsideration of the application is respectfully requested.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.

Conclusion

No fees or extensions of time are believed to be due in connection with this amendment; however, consider this a request for any extension inadvertently omitted, and charge any additional fees to Deposit Account No. 26-0084.

Respectfully submitted,
